

Nib Cap Adjuster Tool

How to use the Nib Cap Adjuster Tool

1. Place the nib cap onto the end of the cap adjuster tool.
2. Insert the nib cap into the open end of the pen cap.
3. Gently screw the nib cap onto the threaded stud until you feel it bottom out. Back it off 1 1/2 turns.
4. Adjust the nib cap in or out checking frequently for proper fit until desired fit is achieved.
